

ACCUSED ROSSI OF KEEN ATTACK

Mayor Glysson's Statement
Emphatically Denied By
the Alderman

SOME BITTER TALK AT FINAL SESSION

Barre City Council Did Not
Wave the Olive Branch
in Farewell

On the eve of its retirement from the stage of municipal activities as a separate and distinct administration, the city council vested some of its pent-up feelings on minor matters last night, and almost for the first time since its inauguration a year ago, the perils of a council session took a turn in the recriminations were somewhat bitter. It began when someone charged Alderman Rossi with fathering an attack on the administration, an attack which appeared in yesterday's Times. It was continued when the council split on the question of reconsidering a motion whereby the Odd Ladies, after filing a request for the free use of the opera house for a minstrel show, were refused last week on the ground that one-half of the proceeds was to be devoted to their own uses.

It was an occasion when a council that has been unusual in its capacity to swap small talk without a show of perversity seemed ready to look at the serious side of everything that turned up. When someone lightly handed the accusation to Alderman Rossi, he replied with some force that whoever wrote the criticism had told the truth. He got a rise from the expected quarter, for Mayor Glysson promptly resented the implied charge of maladministration and expressed himself plainly. Alderman Rossi proceeded to account for the mayor's show of ire by saying that the truth had hit him. As for himself, he said, he should continue to stand by his claim that the letter in the Times told the truth until someone could convince him otherwise. Just before calling the meeting to order, Mayor Glysson stated that arguing with Alderman Rossi was too much like talking to the wind.

With the appearance of the Odd Ladies the mayor, perhaps unwittingly, precipitated another warm discussion by suggesting that the lodge represented by the delegates should not be charged for the use of the opera house, inasmuch as the half which they proposed to divert to their own use would be used in making good a fund already depleted for patriotic purposes. This statement was corroborated by the Odd Ladies present, who asserted that while a half of the proceeds would go to the Red Cross, the other half was to be used for the good of the order, as it was phrased; that much money, \$135 all told, had been expended for war funds, and that the work began before America entered the war. Alderman Alexander said the Odd Ladies had accomplished more war relief work since the war began than any other order. Everyone seemed willing, so far as the Odd Ladies were concerned, to save them as much expense as possible, but a majority of them were opposed to establishing a precedent. That was the stand taken by Alderman Lorange, although he afterward voted to reconsider the first motion, and Alderman Milne and Rossi.

PROVEN SWAMP-ROOT AIDS WEAK KIDNEYS

The symptoms of kidney and bladder troubles are often very distressing and leave the system in a run-down condition. The kidneys seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to more dangerous kidney troubles.

Dr. Kilmer's Swamp-Root, which, so many people say, soon heals and strengthens the kidneys, is a splendid kidney, liver and bladder medicine, and, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who use it.

A trial will convince anyone who may be in need of it. Better get a bottle from your nearest drug store, and start treatment at once.

However, if you wish first to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Barre Daily Times—Adv.

THE OLD RELIABLE BLOOD BUILDER

still retains its supremacy. People still take Hood's Sarsaparilla because it is an old family friend, has proved its merit to three generations—in purified blood, expelled humors, restored appetite, relieved rheumatism, banished tired feelings. It long ago became recognized as the standard blood purifier and general tonic. It originated in a Boston physician's successful prescription, and comprises medicinal roots, herbs, barks and berries such as are often prescribed for ailments of the blood, stomach, liver and kidneys. Buy it in the same style package your mother bought it in—same fine appearance, same pleasant taste, same certainty of good results.—Adv.

among others, stood on the intent of a certain clause in the opera house, whereby free rental was to be granted only when all proceeds were to be devoted to a worthy cause. The famous opera house was dragged into the limelight and examined at length.

The Odd Ladies entered freely into the discussion. Alderman Alexander moved that they be granted the free use of the theatre for last Friday. It was suggested that the original motion, refusing the request, be reconsidered first. The mayor put the question and the four who voted were at a stand-off. He called for an oral vote, and the result was as follows: Yes, Aldermen Healy, Lorange and Alexander; no, Aldermen Milne, Reynolds and Rossi. Mayor Glysson broke the tie by voting for the Odd Ladies. He called for Alderman Alexander's next motion, for on the face of the returns it looked as though reconsideration had been carried, but Alderman Reynolds put in a timely protest to the effect that it required a two-thirds vote to reconsider. The mayor acquiesced and the motion was declared lost. After the flurry Alderman Healy said that it would have been common justice to grant the Odd Ladies their request. Alderman Reynolds dissented to this statement and suggested that "common politics" would serve the purpose better.

A request from the New England Liberty loan committee suggested the wisdom of reading an address at the city meeting to-day, and a communication from Governor Graham urged the advisability of devoting a half-hour to-day to a patriotic meeting. The fact that Barre voters do not assemble in one hall was regarded as a barrier to any attempt to carry out the suggestion, and it was decided to call a special city meeting at an early date.

Monthly statements of water department finances in December and January were read and accepted. The report of the building inspector stated that no permits were issued in January and only two in February. It, too, was accepted. Overseer William McDonald asked and received \$1,200 to pay delinquent bills in the charity department. Alderman Reynolds of the library committee reported on his conference with the trustees of the Aldrich public library. City Atty. William Wishart read extracts from Leonard F. Aldrich's will, and it was generally agreed that members of the city council could not expect officially to be represented on a self-perpetuating board.

The following warrants were approved for payment: Street department payroll, \$109.82; surface sewer, walks, bridges and culvert accounts; engineering payroll, \$38.87; water department payroll, \$78.35; the department payroll, \$118; police, \$139.41; police and health accounts; G. A. Bemis, \$16, services as janitor; Clinton Oil Co., \$10.90; A. J. Lorange, \$45, services as alderman; E. L. Smith, \$43.23, water rebate on bill paid under protest in 1915.

NO TRIALS FOR 90 IN OHIO ELECTION CASES

Federal Courts Have No Jurisdiction
Over Bribery at General Elections
for Federal Officers.

Washington, March 5.—Federal courts have no jurisdiction over bribery at general elections for the selection of federal officers, the supreme court decided yesterday in upholding decrees sustaining demurrers to indictments in the Cincinnati election fraud case. Ninety persons, charged with fraud at the 1916 general election in the first Ohio congressional district, as a result of the decision will not be compelled to stand trial.

BACK TO NORMAL.

Early Closing Regulations in Massachusetts to Be Withdrawn.

Boston, March 5.—Early closing regulations in this state, put into effect several weeks ago as a fuel conservation measure, will be withdrawn Wednesday, March 6, under an order issued yesterday by James J. Storrow, fuel administrator. Fuel committees in cities and towns were notified that business establishments, the theatres and saloons would be permitted to return to their former schedules on that day.

Restrictions on the use of window display lights in stores were lifted on all nights except Thursdays and Sundays.

REDUCTION OF SERVICE

On Railroad Lines in the
Middle West, Effective
March 17

A CONGRESSIONAL AGREEMENT

House Accepts Senate Pro-
vision of No Allowance
for Repairs

Washington, March 5.—Passenger train schedules between Chicago and St. Louis were ordered rearranged yesterday by Director General McAdoo to reduce from 15 to nine the number of trains daily each way, effective March 17.

Competing trains at approximately the same hours will be eliminated and railroad administration officials give assurance that the public will not be seriously inconvenienced. It is estimated that the new schedules will save 9,338 tons of coal a month. Freight traffic also will be improved. Railroad tickets will be good on any line. Further removal of competitive trains west of the Mississippi is expected soon.

Agreement on compensation of railroads while under government control, based upon the average of their net income for the three years ending June last and substantially in the form approved by the Senate, was reached yesterday by the conferees on the administration railroad bill.

The House conferees accepted the Senate provision providing that no allowance should be made for money spent on improvements during the last few months preceding federal control. This would reduce the compensation about \$6,500,000 annually. These settlements leave only two important points still in dispute—rate-making and period of government control.

U-BOATS INFLICT HEAVY LOSSES ON NORWAY SHIPS

Nineteen Seamen Killed—Twelve Vessels,
Valued at \$3,000,000, Sunk During
February.

Washington, March 5.—Norway continues to suffer heavily from German submarine operations. Twelve vessels, aggregating 16,238 gross tons and valued at about \$3,000,000, were sunk during February and 19 seamen lost their lives, while 20 men are missing, according to a cablegram to the Norwegian legation yesterday. Since the war began Norway has lost between 700 and 800 ships, aggregating considerably exceeding 1,000,000 tons. About 1,000 lives have been lost.

WATERBURY

G. E. Moody has been appointed administrator of the state of John O. Tilton and Atty. C. B. Adams and Frank Bulkeley of Moretown commissioners on the same. Mark Towne, who has recently enlisted, has received notice to report at Burlington, from whence he will be transferred to the Charleston, S. C., navy yard, going by rail to New York, thence by boat. Mr. Towne is the son of Mr. and Mrs. E. R. Towne and is in the U. S. navy with rank of quartermaster aviation.

Paul Wallace is at home for 10 days' leave of absence and will return to Camp Sevier, from whence he soon expects to go to France. Mr. Wallace is in the medical department, 105 field signal battalion.

The Waterbury public library is now opened at the regular times.

At a recent meeting of the executive board of the local Red Cross, Mrs. Wasson, president, it was voted that we have the pledge cards, the method of handling same to be left with the finance committee. Also that the director of work have entire oversight of distribution of the work and requisition to the chairman of supplies for all the supplies used by the branch.

Waterbury high school won out over Montpelier high with a score of 27 to 16 at the town hall Friday evening.

Frank Towne has returned from Bristol, N. H., where he went with the remains of John Tilton, which were placed in a tomb. Mr. Tilton's sister, Mrs. Eliza Sanborn, resides in that place.

PLAN FIGHT FOR MOONEY.
Friends Abandon the Idea of Asking for a Rehearing.
San Francisco, March 5.—Attorneys defending Thomas J. Mooney, whose life sentence for the preparedness parade dynamiting was recently confirmed by the supreme court, will await official confirmation of Mooney's sentence by the courts and then appear before Gov. Stephens for a pardon, they announced yesterday.

DOCTORS HAND OUT LIVE TIPS

They Take the Public Into Their
Confidence

Prominent physicians claim people fail in life because of "nervous hunger," that it is the active, bright-eyed, strong-nerved man or woman who is "there" at work or play.

Stowing, well-nourished nerves is the great secret of success, health and happiness. Men and women try to live regardless of health, strength, ambition, energy and hope. They exceed the speed limits, wasting nerve strength and energy, and fail to store up reserve force, afterwards they only exist; life has no joys.

Without energy, ambition, strong nerves, and pure blood, one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by 'nervous-sick humans,' that it will increase body and nerve energy, restore ambition and staying powers."

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues, and the pleasures of life are no longer enjoyable, that you need Phosphated Iron to brace, build you up and put you on your feet again."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron, we put up in capsules only, so do not allow dealers to substitute any pills or tablets.

WIRELESS PLANT ON BROADWAY

Apparatus Sufficiently Powerful to Communicate
With Germany

IT WAS SEIZED BY GOVERNMENT

Plant Was Disconnected
But Could Have Been
Easily Set Up

New York, March 5.—Wireless apparatus sufficiently powerful to communicate with Germany which was in the possession of Richard Pfund, one-time manager of the German Telefunken plants at Sayville and Tuckerton, was seized Sunday by the federal authorities, it became known yesterday. The outfit was found in the tower of a room of a Broadway office building. While it was disconnected, it could have been set up in half an hour, experts declared.

AGREEMENT EXPECTED

Between Telephone Company and Operators in Nineteen Cities.

Boston, March 5.—An agreement between the New England Telephone and Telegraph company and a committee of telephone operators in 19 cities in Massachusetts, Maine and New Hampshire was expected at a meeting between the committee and the officials of the company.

The result of a strike vote unofficially reported to have been 2,100 to 65, was made known to the company.

The operators demand an increase in wages to equal those paid in the Boston exchanges, where the maximum is \$16 a week. Word was received that G. M. Bugniet, vice-president of the International Brotherhood of Electric Workers, would arrive to-day to take charge of the situation.

ARTFUL DODGER HAS NO CHANCE

Put a few drops on that old touchy corn then lift it out without pain

Ouch ! ! ! ! This kind of rough talk will be heard less here in town, if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain. A delightful surprise awaits all who try this.

He says freezone is a sticky substance which dries immediately and never inflames or even irritates the surrounding tissues of skin. A quarter of an ounce of freezone, which will cost very little at any drug store, is said to be sufficient to remove every hard or soft corn or callous from one's feet. Millions of Americans will welcome this announcement since the inauguration of the high heels.—Adv.

Arthur Holt of East Calais is working in the spinning room at the mill.

Ralph Pearsons visited at his home in Calais Sunday.

Don't forget that the pupils of North Montpelier school will give an entertainment at the North Montpelier hall Friday evening, March 8. The program will consist of songs, recitations, tableaux, to be followed by an auction, when they will sell to the highest bidder one farm hand, strong and willing and not subject to the draft, one kitchen girl, Dinah, who never asks for a day off, the quilt which the pupils have pieced and various other things; proceeds for the benefit of the Red Cross. Come all and help a good cause and encourage the children.

Mrs. George Daniels has bought the Dan Levanway farm.

Mrs. Maggie Lawless is visiting Mr. and Mrs. Curtis Graves in Waterbury this week.

Mrs. Clifton Story was in Montpelier and Barre Saturday.

The ladies met with Mrs. Theo Clark last Thursday afternoon and tied the quilt the school children pieced, which will be auctioned off next Friday evening for the benefit of the Red Cross.

All interested in Red Cross work are invited to meet at the home of Mrs. May Johnson next Thursday afternoon, March 7.

Mrs. Cook and son, Francis, of Barre, visited the former's son, Arthur, at Mr. and Mrs. George L. Pray's Saturday.

Archie Pearsons spent Sunday at his home in East Calais.

Mrs. Elmer Dodge, who is stopping at her father's in Calais, visited Mrs. Lizzie Pray Thursday afternoon. Mr. Dodge has bought a garage in New Madison, O., and they have shipped their goods there.

LEMONT JUICE IS SKIN WHITENER

Cheap Home-made Beauty Lotion to Remove Tan, Freckles, Sallowiness.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin whitener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach a darkened skin and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to whiten rough, red hands.
